ALERT

Increasing charitable donations through the “Dollar Donation Fund” – a BGE and Fuel Fund partnership.

The Fuel Fund of Maryland provides financial assistance to vulnerable families in the Baltimore Gas and Electric (BGE) service territory who are at risk of losing, or have lost, utility service. The Fuel Fund and BGE have partnered to create the “Dollar Donation Fund” which is a new way for the Fuel Fund to obtain charitable contributions. BGE customers can participate in the program by choosing to add a monthly amount of \$1, \$2, \$5, or \$10 to their bill. Once the contributing customer pays their bill, BGE will forward the donation to the Fuel Fund. Customers may change their level of participation or withdrawal from the program at any time.

If you are interested in participating in the program, you can enroll in the Dollar Donation Fund by visiting www.bge.com/DollarDonation. For more information regarding the Dollar Donation Fund or other Maryland Fuel Fund activities or assistance programs, you can contact Bill Freeman at 410-238-9080.
