

CASE No. 9093 - Delmarva Power and Light Rate Increase

On November 17, 2006, Delmarva Power and Light (DPL) filed an application with the PSC to increase its rates by \$20.3 million. The OPC was an active party to the case, filing the testimony of expert witnesses and engaging in cross examination of other parties' witnesses. The OPC recommended a rate decrease of \$2.056 million and also recommended significant changes to the DPL proposal for a Bill stabilization adjustment. OPC filed initial and reply briefs. At the close of the Fiscal Year, the PSC had not yet issued an order.
