

ALERT

New Appliance Rebates Available As of April 22, 2010

The Maryland Energy Efficient Appliance Rebate Program, made possible by the American Recovery and Reinvestment Act, begins today by offering rebates for select models of ENERGY STAR Clothes Washers (\$100), ENERGY STAR Refrigerators (\$50), and Electric Heat Pump Water Heaters (\$300). Rebate applications will be available beginning today from your electric utility provider and the rebates will be offered for qualified products on a first-come, first serve basis until funds run out. In addition to the Maryland Energy Efficient Appliance Rebates, you may also be eligible for an additional rebate from your electric utility provider, made possible by the EmPOWER Maryland Energy Efficiency Act.

For complete information about the Maryland Energy Efficient Appliance Rebate Program and the rebates made possible by the EmPOWER Maryland Energy Efficiency Act, please see the Maryland Energy Administration's official website on this topic:
