FREDERICK COUNTY RESOURCE GUIDE

1-2-3 Utility Bill Assistance

1. Apply for energy assistance.

Income eligible customers may qualify for Maryland state energy assistance programs that can help pay their utility bills. A detailed description of these programs are provided in this packet. There is one application for all Maryland state energy assistance programs.

Maryland Energy Assistance Program (MEAP) distributes funds for gas, oil, electricity and other home heating and cooling bills to income eligible individuals and families.

Electric Universal Service Program (EUSP) is a program that helps income eligible electricity customers pay their electric bills. It provides both assistance with future bills and past due electric bills. Some customers who are not eligible for MEAP are eligible for EUSP.

Gas Arrearage Retirement Assistance (GARA) is a program that helps income eligible gas customers with past-due gas bills.

Enrollment in these programs is not automatic. You must meet eligibility requirements and apply with a local assistance agency. Local assistance offices are listed in this guide. For locations in other counties, contact the Maryland Office of Home Energy Programs (1-800-332-6347).

2. Ask about other energy assistance funds.

Supplementary assistance may be obtained from a local Fuel Fund, state or local programs, and faith based organizations. Information about some of these programs is included in this packet and can be obtained from your local energy assistance office. You may also consider calling 2-1-1 for information on other utility resources in your community.

3. Try to work out a payment arrangement.

If you still owe money to the utility after applying for energy assistance, or did not qualify for assistance, you should contact your utility to work out a reasonable payment arrangement for the past due amount.

If you try to work out a reasonable payment arrangement and are not successful, contact the Public Service Commission (PSC).

Make a complaint online at www.psc.state.md.us. Call 410-767-8028 to request a complaint form. The PSC complaint form is enclosed in this packet.

FREDERICK COUNTY RESOURCE GUIDE

TEMPORARY UTILITY MORATORIUM AND PAYMENT PLAN RULES IN EFFECT UNTIL NOVEMBER 15, 2020

The Governor's Executive Order prohibiting shut-offs of utility services and other residential services has expired. The Public Service Commission (PSC) issued a moratorium on shut-offs of gas, electricity, telephone (landline only), and private water companies for residential customers. Until November 15, 2020.

TERMINATION RESTRICTIONS

- Customers cannot be turned off prior to November 15, 2020.
- Utilities can begin to send turn-off notices on October 1, 2020. This gives you 45 days to address past-due utility bills.
- Any shut-off notice sent prior to October 1, 2020 is void.
- There is no moratorium on shut-offs of cellphone, VOIP, broadband, or internet services.

PAYMENT PLAN RULES

- Utilities must offer everyone a minimum 12-month payment plan. If they do not offer you one up front, tell them you want one.
- If you have a high past-due bill, and you need a longer plan, give them information: household income; applications for energy assistance; special circumstances such as serious medical conditions, reliance on electricity for medical equipment, telehealth and distance learning
- OHEP-Certified Customers: Minimum 24-month payment plan.
- Downpayments: Utilities cannot require them as part of plan.
- Security Deposits: Utilities cannot require them as part of plan.
- Did you fall behind on a prior payment plan during the past 18 months? The utility cannot deny you this plan because you fell behind or defaulted on a prior plan.

Take action now to make sure you are protected from utility-shut-offs on November 15 or later.

Apply for energy assistance. If you are on a fixed income, unemployed or underemployed, or paid low wages, these funds can be a lifeline. **DO NOT WAIT FOR A TURNOFF NOTICE.** (see page 6).

Contact your utility now. The utility **MUST** offer you a payment plan of at least 12 months with no down payment.

Utility Shut-Offs and Serious Illness & Life Support

If you have received a shut-off notice and someone in the home is seriously ill or needs life support equipment, contact the utility immediately. If you present a Public Service Commission (PSC) **Medical Certification Form** stating that termination of electric, gas or both will aggravate an existing serious illness or prevent the use of life-support equipment, a utility may not terminate service for an initial period of up to 30 days beyond the scheduled date of service termination.

The medical certification does not prevent shut-offs indefinitely. The customer must take steps to resolve the unpaid bills to avoid service termination in the future.

If you are off-service already, the utility does not have to restore service unless the utility bills are paid. However, we recommend that you contact the utility, inform them of the medical situation, take steps to get assistance with the bills, and try to work out a payment plan.

THINGS TO REMEMBER:

- Call the utility **immediately** to inform them of the situation
- Submit a Medical Certification form to the utility immediately (included at the end of this packet)
 - A **Physician, Certified Nurse Practitioners or Physicians Assistants** must sign the certification form
 - Send the form by fax, email (with scanned copy) or hard copy
- The customer must enter into a payment plan with the utility **within 30 days** to address the outstanding bills
 - If you are income eligible or will have difficulty paying the bills, apply for energy assistance
 - If in the hospital or receiving outpatient treatment for a serious illness, speak with the social worker for assistance
 - If over the age of 60, contact the Department on Aging
 - Call 2-1-1 for additional utility payment resources
- If the utility will not work out a reasonable plan, file a complaint with the Public Service Commission

The Critical Medical Needs Program (CMNP)

CMNP expedites financial assistance to continue or restore utility services for medically vulnerable customers within a 24-48 period. In addition to reducing barriers to the energy assistance application process for individuals who are medically vulnerable, the CMNP coordinates with the Department of Housing and Community Development for energy efficiency programs and heating/cooling system repair/replacement.

Medical vulnerability is established by a customer's ability to obtain a PSC Medical Certification Form that is signed by a Physician, Certified Nurse Practitioner, or Physician's Assistant. The CMNP is administered by the Office of Home Energy Programs in partnership with Certified Navigators throughout the state. The Certified Navigators are hospital/community medical/community outreach staff who process applications for energy program resources in the setting where clients are already receiving medical attention or other services.

For information on how to participate in CMNP, contact OPC at DLInfo_OPC@maryland.gov

Electric & Gas Utility Programs

BUDGET BILLING (EVEN MONTHLY PAYMENTS).

Utilities offer Budget Billing (an even monthly payment plan) for customers. This allows a customer to pay the same amount every month based on their expected annual usage. This amount may change periodically if you use more or less gas or electricity than expected. The program does not eliminate monthly charges on the bill, but it does even them out. The program is especially helpful if a customer wants to maintain a fairly fixed amount of expenses throughout the year.

BILL EXTENDER PLAN.

Utilities are required to adjust a customer's bill due date if they receive monthly income through Social Security or another government-sponsored assistance program. This can help avoid late payment fees, since a customer can pay the bill after receipt of their monthly income.

UTILITY SERVICE PROTECTION PROGRAM (USPP).

The USPP program is designed to protect households from utility service terminations during the winter and may waive reconnection and security deposit fees for off-service customers. The program is only available to MEAP recipients who enroll in the company's Budget Billing program.

PAYMENT ARRANGEMENTS WITH THE UTILITY.

Customers who are having difficulty paying their gas or electric bills should ask the utility about a payment plan to pay past-due bills over time. A deferred payment plan should take a customer's individual circumstances into account, including other available assistance, income, and the amount owed. If the utility will not work with the customer to establish reasonable payment arrangements, the customer should contact the Public Service Commission's Consumer Assistance Division immediately to file a complaint.

DISPUTES WITH THE UTILITY.

Customers should contact the utility first to request information or resolve a dispute. If it is not resolved, a customer may file a complaint with the PSC. You can file a complaint online at www.psc.state.md.us or request a complaint form by calling 410-767-8028. The form is also included in this packet.

Office of Home Energy Programs (OHEP) - Energy Assistance Programs

MARYLAND ENERGY ASSISTANCE PROGRAM (MEAP)

MEAP is an energy assistance program that helps OHEP income eligible households pay their heating bills, and at times, with their cooling bills. The program is available to households that heat with electricity, gas, oil, propane, wood, or other sources. Grant amounts vary depending on household size, household income, and heating source.

ELECTRIC UNIVERSALSERVICE PROGRAM (EUSP)

EUSP is a program that helps OHEP income eligible electricity customers pay their electricity bills. The program includes a Bill Payment Assistance grant and an Electric Arrearage Retirement Assistance (EARA) grant.

The Bill Payment Assistance grant is for current bills and is spread out evenly over a 12 month period. Bill Payment Assistance requires customers to enroll in Budget Billing.

The EARA grant is used for past due bills and can be up to \$2,000 once every seven years.

There are two instances in which a customer can apply for EARA more than once in a seven year period. It is called an Arrearage Waiver.

- 1) Customer has received EARA grant for \$300 or less in the prior year.
- 2) Customer has received EARA grant for \$800 or less in the prior year and there is a vulnerable person in their household. Vulnerable households will be defined as having a member of the household who is 65 years of age or older, under two years of age, or members who are medically fragile. The PSC medical certification form (found at the end of this packet) can be used as proof of medical eligibility. Customers must request screening for the Arrearage Waiver to receive any Arrearage Waiver benefit, and should be certain to mention their vulnerable conditions to OHEP staff.

GAS ARREARAGE RETIREMENT ASSISTANCE (GARA)

GARA is operated similar to EARA. GARA will provide up to \$2,000 once every seven years for gas bills. The same Arrearage Waiver available through EARA is also available through GARA. Customers must have a past due gas bill balance of at least \$300 to be considered for GARA.

Important: The OHEP application is a Point in Time application which means a customer must apply for all three grants (EUSP, MEAP, and Arrearage) at the same time. There is an exception to this rule for EARA and GARA. A customer can apply for Arrearage help at a later date only if 1) a change in income would result in a lower benefit level, 2) there is a documented medical development, or 3) there is presence of a vulnerable individual in the household. MEAP and EUSP are not available at a later date. If customers did not receive EUSP at the time of their original application, they will not be eligible to apply for Arrearage help.

Energy Efficiency and Conservation

The Maryland Department of Housing and Community Development (DHCD) administers energy efficiency and conservation programs for low-income customers. Limited income households **up to 200% of the FPL** who own or rent a home are eligible for these programs. DHCD WAP provides priority to households who meet MEAP/EUSP guidelines (p. 5) and are elderly or disabled, have minor children in the home, or have high energy consumption. Eligible customers with critical medical needs may qualify for expedited services through one or more of DHCD's programs.

Applications: OHEP applicants can request a referral to DHCD for energy efficiency services at the time of application for energy assistance. Other individuals can apply directly to DHCD (see below).

ENERGY EFFICIENCY GRANT PROGRAMS

MARYLAND ENERGY ASSISTANCE PROGRAM (MEAP): The Emergency No Heat Assistance component of MEAP can repair or replace your non-functioning heating system during the months of November through March at no cost.

EmPOWER LOW INCOME ENERGY EFFICIENCY PROGRAM (LIEEP) includes:

- Whole house weatherization (includes air sealing/insulation)
- Appliance replacement (includes refrigerators, water heaters)
- Direct install measures (includes LEDs, power strips, low-flow showerheads, faucet aerators)
- HVAC repair or replacement and programmable thermostats
- LIEEP includes both electricity and gas customers.
- Customers can participate every 5 years.

DOE WEATHERIZATION ASSISTANCE PROGRAM (WAP):

WAP provides similar services to LIEEP, with additional health and safety measures, but with different program specifications, WAP is available one time only.

Department of Social Services (DSS) - Energy Assistance

Each local DSS agency has discretion to allocate the funds described below in different ways. If a customer is not currently receiving services through DSS (e.g. TCA, TEMHA), he or she can still contact the local DSS agency for possible assistance with housing and energy emergencies. Please note that all of these grants are highly discretionary and based on funding availability.

EMERGENCY ASSISTANCE TO FAMILIES WITH CHILDREN (EAFC)

EAFC is an emergency grant program that may be accessed once every 24 months. The grant may be used for household emergencies, including utility bills. It is available to families with one or more children under the age of 21, who are related to (and reside with) the applicant. A person does not have to be receiving any state assistance to apply for an emergency grant. However, he or she must document individual circumstances.

FLEX FUNDS

Flex Funds may be available for households in order to maintain or reunify children with their families. These monies are available for a variety of needs, but the goods and services purchased must be related to the child's or family's needs. These funds may also be available for vulnerable adults in households without children depending on the situation and need.

WELFARE AVOIDANCE GRANT (WAG)

A WAG grant provides cash assistance to avoid the need for TCA and/or other benefits. Payment is made on behalf of a family with children for immediate and limited work-related needs. This is not an entitlement program. Funding is limited and can only be used for needs directly related to obtaining or maintaining employment such as vehicle repairs and job-related equipment. Persons who receive a WAG cannot receive TCA benefits for a specified time period.

“SPECIAL” OR “LOCAL” FUNDS

“Special” or “local” funds are charitable or local funds available for household emergencies. Local jurisdictions set eligibility criteria and grant amounts. Funds are intermittent and limited and allocated based upon a household's income and level of need.

Private Charities & Other Funds

FUEL FUNDS

Local Fuel Funds are non-profits that offer financial assistance to income eligible households who need assistance with bulk fuel. Generally, all Fuel Funds use the 200% of Poverty Income Guidelines (see the EmPOWER income guidelines in this packet) for eligibility and require applicants to exhaust all other funding sources. Most, if not all, Fuel Funds partner with the local utility companies.

Fuel Fund assistance is only available once in a 12-month period. You must complete an OHEP application before applying. Fuel Fund may be able to help with a purchase of up to 100 gallons of oil, kerosene, propane, wood pellets, etc. Check with your local Fuel Fund for application and program rules.

You can apply online at Fuel Fund of Maryland

Tax Credits

EARNED INCOME TAX CREDIT

The Earned Income Tax Credit (EITC) is a special federal tax credit for income eligible workers. If qualified for the federal EITC, you may be entitled to a Maryland EITC on your state return equal to 50 percent of the federal EITC, as well as a local earned income tax credit. A person may be eligible for a tax credit even if he or she does not owe any taxes. A tax return must be filed.

CHILD TAX CREDIT

The Child Tax Credit is a federal special tax credit for income eligible families. A person may be eligible for this tax credit of at least \$2000 per child even if he or she does not owe any taxes. Child must be under 17 years old at year end. A tax return must be filed.

HOMESTEAD TAX CREDIT

To help homeowners deal with large assessment increases on their principal residence, state law has established the Homestead Property Tax Credit. The Homestead Credit limits the increase in taxable assessments each year to a fixed percentage. Every county and municipality in Maryland is required to limit taxable assessment increases to 10% or less each year. Homeowners must submit a one-time application to establish eligibility for the credit. For more information visit:

RENTER'S TAX CREDIT

The Renter's Tax Credit (RTC) is a Maryland tax credit offered to income eligible income renters. Renters who are 60 or over, or 100% disabled, may qualify if their rent amount exceeds the amount set based on their income. Renters under 60 may qualify if they meet the household size income limits as well as other program criteria. Credit up to \$1000 based on income and rent.

Information at <http://dat.maryland.gov/realproperty/Pages/Renters'-Tax-Credits.aspx>.

Apply by September 1.

HOMEOWNER'S PROPERTY TAX CREDIT

This tax credit is available to Maryland homeowners whose property taxes exceed a fixed percentage of their incomes. The program is available to qualified homeowners regardless of age.

HOUSING AND MORTGAGE ASSISTANCE

FORECLOSURE ASSISTANCE

If you are in need of help with paying your mortgage or you are facing a home foreclosure, be sure to first contact your lender and ask to speak with the loss mitigation or loan modification department. Try to work out a reasonable loan workout, repayment plan, loan modification or forbearance agreement. In many cases, it is best to get help from an experienced housing counselor who works with lenders and homeowners on a daily basis. There are many different types of foreclosure assistance programs, but their availability is dependent on many factors that include, but are not limited to: who your lender, investor or insurer is, your household income, credit rating, debts and expenses, and type of hardship.

If the home facing foreclosure is a homeowner's principal residence, the homeowner will have the right to request mediation once the lender initiates foreclosure proceedings with the court system. At that time, the lender must send a "Request for Foreclosure Mediation" form. Homeowners will have 25 days to complete the form and file it with the circuit court. Homeowners must pay a non-refundable \$50 fee when they formally file this request for mediation.</i></p>

Department of Housing and Community Development (DHCD) Loans

Maryland Housing Rehabilitation Program (MHRP)- Rehabilitation funds for housing or plumbing repairs for single family, owner-occupied properties and one to four unit rental properties. Loans may be used to correct exterior and interior deficiencies, make accessibility modification, correct health and safety violations, improve plumbing, wells and sewer, and for weatherization and energy conservation. You must be a Maryland resident who occupies the home as your principal residence, or rent to a family with a limited income at or below 80% of statewide median income.

Accessible Homes for Seniors (AHFS)- AHFS loans allow homeowners 55 plus to make needed accessibility improvements. Typical improvements include ramps, widening doorways, installing grab bars, adding a first floor laundry facility or bathrooms, and changing door and sink hardware to lever style handles. The program provides a zero percent interest, deferred loans for a term of 30 years to finance these accessibility improvements. For more information, contact AHFS at (301) 429-7821 or Toll Free 1-800-638-7781.

Telephone Bill and Broadband (Internet) Assistance

LIFELINE is a federal program, funded by all telephone customers, that helps to make telephone service more affordable. The program has provided eligible landline OR wireless customers with a discount on service or free minutes.

NEW FCC Rules, changed the program in important ways, including automatic eligibility criteria, the inclusion of broadband (fixed and mobile) and the eventual phase-out of assistance for voice-only services. Maryland law also changed the eligibility rules effective July 1, 2017.

Eligibility Criteria for new and recertified customers:

- ≤ 135 percent of federal poverty level (as measured by IRS gross revenue)
- Participants in such programs as: SNAP (Food Supplement Program), Medicaid, SSI, Federal Housing Assistance, Veterans Pension and Survivors Benefits Programs and certain Tribal Program participation.
- **Excluded programs include:** TDAP, LIHEAP, MEAP, EUSP, TANF, PAA, Section 8, and School Lunch participation.

Voice and Broadband Services: Lifeline customers will have the choice of applying their benefit to one of the following:

- Voice only (landline or wireless) – to be phased out by 2021
- Broadband only (fixed or mobile)
- Bundles: voice and broadband

Things to Know About Lifeline Program

- All telephone customers pay for the Program through a Universal Service Fund (USF) charge on the bill.
- There is a flat discount rate of \$9.25 applied to voice, broadband OR bundled services.
- Service discounts can be applied to any voice, broadband, or bundled voice and data service. However, your provider may limit the number of minutes or amount of data covered by the Lifeline discount and you may incur charges for exceeding those limits. Be sure to read the details of your service plan and understand what is included.
- Current Lifeline customers who switch providers to enroll in new broadband services, even bundled ones, will be considered “new” customers under the new eligibility rules.
- Only **one** Lifeline service is allowed per household. This means only one landline or wireless phone, or one broadband service, or one bundled voice and broadband service per household. A “**household**” is an economic unit of **all adult** individuals who contribute to and share income and expenses.
- A resident in a group home, nursing home, assisted living or similar facility can be certified as one household for purposes of Lifeline eligibility.
- There is an annual re-certification requirement for **all** Lifeline customers

Verizon's Medical and Senior Repair Prioritization Program

A Verizon customer who is **65 years or older** or who has a **medical condition requiring repair priority** can be pre-certified for repair priority **if** the customer is without alternative access to E911 service. **Alternative access** means having use of a cell phone or another telephone line in the household to call 911 services.

Customers who meet these conditions and file the appropriate certifications will receive priority for repairs (24-hour "out of service" repair commitment) when an outage is reported.

Certificate Renewals

The **senior certificate** does **not** need to be renewed, and is valid until the account is closed or a billing name change is made to the account

The **medical certificate** is good for one year only if the medical condition is temporary. The customer will receive a notice 60 days before its expiration. If the condition is permanent, the certificate does not need to be renewed yearly.

Medical Certification

The medical certificate may be signed by a licensed doctor, physician's assistant or nurse practitioner.

Applications for the program can be obtained at: https://www.verizon.com/support/consumer/phone/repair-priority?CMP=DMC-CVZ_ZZ_ZZ_Z_DO_N_X00393

Department of Social Services (DSS) emergency assistance programs may assist with private and public water company bills especially if a service termination is threatened or has occurred. Contact your local Department of Social Services for assistance (page 10).

There are small private water companies in some Maryland counties. These companies are fully regulated by the MD PSC. The company should be contacted about working out a payment plan if there is a past due bill or if the bill amount is disputed. If the customer cannot get a satisfactory result, the customer may file a complaint about a disputed bill, or seek mediation assistance, with the MD PSC.
