TALBOT COUNTY RESOURCE GUIDE

1-2-3 Utility Bill Assistance

1. Apply for MEAP and EUSP energy assistance.

Limited-income customers may be eligible for Maryland state energy assistance programs that can help with utility bills. A detailed description of these programs are provided on page four. There is one application for all Maryland state energy assistance programs.

Maryland Energy Assistance Program (MEAP) distributes funds for gas, oil, electricity and other home heating and cooling bills to limited income individuals and families.

Electric Universal Service Program (EUSP) is a program that helps low-income electricity customers pay their electric bills. Some customers who are not eligible for MEAP are eligible for EUSP.

Enrollment in these programs is not automatic. You must meet eligibility requirements and apply with a local assistance agency. Local assistance offices are listed in this guide. For locations in other counties, contact the Maryland Office of Home Energy Programs (1-800-352-1446).

2. Ask about other energy assistance funds.

Supplementary assistance may be obtained from a local Fuel Fund, or other state or local programs. Information about some of these programs is included in this packet and can be obtained from your local energy assistance office.

Agencies that may be able to provide assistance include those entities that work with senior citizens, persons with disabilities or faith-based organizations.

3. Try to work out a payment arrangement.

If you still owe money to the utility after applying for energy assistance, or did not qualify for assistance, you should contact your utility to work out a reasonable payment arrangement for the past due amount. If you try to work out a reasonable payment arrangement and are not successful, contact the Public Service Commission (PSC) at 410-767-8028 (press "1" at the prompt) to make a complaint. The PSC complaint form is enclosed in this packet.

TALBOT COUNTY RESOURCE GUIDE

Utility Shut-Offs and Serious Illness & Life Support

If you have received a shut-off notice and someone in the home is seriously ill or needs life support equipment, contact the utility immediately. If you present a Public Service Commission **Medical Certification Form** stating that termination of electric, gas or both will aggravate an existing serious illness or prevent the use of life-support equipment, a utility may not terminate service for an initial period of up to 30 days beyond the scheduled date of service termination.

The medical certification does not prevent shut-offs indefinitely. The customer must take steps to resolve the unpaid bills to avoid service termination in the future.

If you are off-service already, the utility does not have to restore service unless the utility bills are paid. However, we recommend that you contact the utility, inform them of the medical situation, take steps to get assistance with the bills, and try to work out a payment plan.

THINGS TO REMEMBER:

- Call the utility **immediately** to inform them of the situation
- Submit a Medical Certification form to the utility immediately
 - Send the form by fax, email (with scanned copy) or hard copy
 - Use the attached form (temporary until revised by the PSC)
 - A medical professional must sign the certification form
 - **NEW: Certified Nurse Practitioners and Physicians Assistants** can now sign the form in addition to physicians
- The customer must promptly (within 30 days) enter into an agreement with the utility for the payment of outstanding utility bills
 - If you are low-income or will have difficulty paying the bills, you should:
 - Apply immediately for MEAP or EUSP energy assistance if you meet the income guidelines
 - If in the hospital or receiving outpatient treatment for a serious illness, speak with the social worker or navigator for assistance
 - If over the age of 60, contact the Department on Aging
- Contact the utility to work out a reasonable payment arrangement with the utility
- If the utility will not work out a reasonable plan, file a complaint with the Commission

Electric & Gas Utility Programs

BUDGET BILLING (EVEN MONTHLY PAYMENTS).

Utilities offer Budget Billing (an even monthly payment plan) for customers. This allows a customer to pay the same amount every month based on their expected annual usage. This amount may change periodically if you use more or less gas or electricity than expected. The program does not eliminate monthly charges on the bill, but it does even them out. The program is especially helpful if a customer wants to maintain a fairly fixed amount of expenses throughout the year.

BILL EXTENDER PLAN.

Utilities are required to adjust a customer's bill due date if they receive monthly income through Social Security or another government-sponsored assistance program. This can help avoid late payment fees, since a customer can pay the bill after receipt of their monthly income.

UTILITY SERVICE PROTECTION PROGRAM (USPP).

The USPP program is designed to protect households from utility service terminations during the winter. The program, established by the Public Service Commission (PSC), is available to MEAP recipients. USPP provides assistance, such as reconnection fee and security deposit waivers, to off-service customers. A customer must enroll in the company's Budget Billing program and apply the MEAP grant to the heating company bill.

PAYMENT ARRANGEMENTS WITH THE UTILITY.

A customer who is having difficulty paying their gas or electric bills should ask the utility about a payment plan to pay past-due bills over time. A deferred payment plan should take a customer's individual circumstances into account, including other available assistance, income, and the amount owed. If the utility will not work with the customer to establish reasonable payment arrangements, the customer should contact the Public Service Commission's Office of External Relations immediately to request help to mediate acceptable payment arrangement terms. This is the only way to stop service termination when there is a dispute.

DISPUTES WITH THE UTILITY.

A customer should contact the utility first to request information or resolve a dispute. If it is not resolved, a customer may file a complaint with the PSC.

Office of Home Energy Programs (OHEP) - Energy Assistance Programs

MARYLAND ENERGY ASSISTANCE PROGRAM (MEAP)

MEAP is an energy assistance program that helps low-income households with their heating bills, and at times, with their cooling bills. The program is available to households that meet the OHEP income requirements and heat with electricity, gas, oil, propane, wood, or other sources. Grant amounts vary depending on household size, household income, and heating source.

ELECTRIC UNIVERSAL SERVICE PROGRAM (EUSP)

EUSP is a program that helps low-income electricity customers pay their electricity bills. The program is available to households that meet the OHEP income requirements. The program includes Bill Payment Assistance and Arrearage assistance of up to \$2,000 once every seven years when applicable. EUSP Bill Payment Assistance requires customers to enroll in Budget Billing. The annual EUSP Bill Payment is then applied through the electric company's Budget Billing program.

OHEP will maintain the existing waiver to the Arrearage Program requirement that allows any applicant who received \$300 or less within seven-years to apply for additional Arrearage funds.

In addition, OHEP provides an additional waiver for 'vulnerable households' who received \$800 or less within the past 7 years. Vulnerable households will be defined as having a member of the household who is over 65 years of age or under two years of age, and members who are medical fragile. The PSC medical certification form (found in this packet) can be used as proof of medical eligibility.

Important New: Beginning July 1, 2016 the OHEP application is a Point in Time application. A customer must apply for all three grants (EUSP, MEAP, and Arrearage) at the same time. Only if a change in income would cause a customer to be placed in a lower benefit level, can they apply for Arrearage at a later date. MEAP and EUSP are not available at a later date. If customers do not receive EUSP at the time of their original application, they will not be eligible to apply for Arrearage at a later date, as the prerequisite to Arrearage is that the customer receives EUSP.

Delmarva Power's Energy Savings Program:

Energy Wise Rewards: Central air conditioning unit or electric heat pump cycling to use less electricity. Sign-up credits and summer bill credits.

Lighting Discounts: Discounts on qualifying compact fluorescent lights (CFLs).

Appliance Rebates: Rebates for qualifying refrigerators, water heaters, and room air conditioning units.

Quick Home Energy Check-up: A Check-up professional performs a one and a half hour walk through of a customer's home to inspect the home, evaluate ways to improve its energy efficiency, identify possible health and safety issues, and educate customers on ways to conserve more energy through other energy efficiency programs. After the Check-up is complete, a customer receives a summary report and a list of recommended improvements to help reduce energy usage. In addition, a Check-up professional will install at least three of five energy-savings items.

Home Performance with Energy Star: Comprehensive home energy audit followed by rebates and/or home energy improvement loans for home energy efficiency improvements.

Heating, Ventilation and Air Conditioning (HVAC) Efficiency Program: Incentives and rebates for the installation and tune-ups of HVAC equipment.

TALBOT COUNTY RESOURCE GUIDE

Department of Social Services (DSS) - Energy Assistance

Each local DSS agency has discretion to allocate the funds described below in different ways. If a customer is not currently receiving services through DSS (e.g. TCA, TEMHA), he or she can still contact the local DSS agency for possible assistance with housing and energy emergencies. Please note that all of these grants are highly discretionary and based on funding availability.

EMERGENCY ASSISTANCE TO FAMILIES WITH CHILDREN (EAFC)

EAFC is an emergency grant program that may be accessed once every 24 months. The grant may be used for household emergencies, including utility bills. It is available to families with one or more children under the age of 21, who are related to (and reside with) the applicant. A person does not have to be receiving any state assistance to apply for an emergency grant. However, he or she must document individual circumstances.

FLEX FUNDS

Flex Funds may be available for households in order to maintain or reunify children with their families. These monies are available for a variety of needs, but the goods and services purchased must be related to the child's or family's needs. These funds may also be available for vulnerable adults in households without children depending on the situation and need.

WELFARE AVOIDANCE GRANT (WAG)

A WAG grant provides cash assistance to avoid the need for TCA and/or other benefits. Payment is made on behalf of a family with children for immediate and limited work-related needs. This is not an entitlement program. Funding is limited and can only be used for needs directly related to obtaining or maintaining employment such as vehicle repairs and job-related equipment. Persons who receive a WAG cannot receive TCA benefits for a specified time period.

"SPECIAL" OR "LOCAL" FUNDS

"Special" or "local" funds are charitable or local funds available for household emergencies. Local jurisdictions set eligibility criteria and grant amounts. Funds are intermittent and limited and allocated based upon a household's income and level of need.

Private Charities & Other Funds

FUEL FUNDS

Local Fuel Funds are charities that offer financial assistance to limited-income individuals with a utility bill crisis. This includes individuals that have had their service terminated or have received a turn-off notice. Generally, all Fuel Funds use the 200% of Poverty Income Guidelines (see pg. 6) for eligibility and require applicants to exhaust all other funding sources. Most, if not all, Fuel Funds partner with the local utility companies. The local Fuel Fund will determine the maximum dollar amount they can provide to each applicant.

Fuel Fund assistance is only available once in a 12-month period. Many local Fuel Funds require monies to be applied to the primary heating source of the applicant (gas, electric, oil, propane, kerosene, wood, etc.). Check with your local Fuel Fund for application and program rules.

FEDERAL EMERGENCY MANAGEMENT AGENCY (FEMA) FUNDS

Each year, FEMA (the Federal agency responsible for providing disaster relief) distributes certain emergency funds to the state. These funds are available in certain local jurisdictions throughout the State of Maryland, and may be used for utility emergencies.

Tax Credits

EARNED INCOME TAX CREDIT

The Earned Income Tax Credit (EITC) is a special federal tax credit for limited income workers. If qualified for the federal EITC, you may be entitled to a Maryland EITC on your state return equal to 50 percent of the federal EITC, as well as a local earned income tax credit. A person may be eligible for a tax credit even if he or she does not owe any taxes. However, a tax return must be filed.

CHILD TAX CREDIT

The Child Tax Credit is a federal special tax credit for limited income families. A person may be eligible for this tax credit of at least \$600 per child even if he or she does not owe any taxes. However, a tax return must be filed.

HOMESTEAD TAX CREDIT

To help homeowners deal with large assessment increases on their principal residence, state law has established the Homestead Property Tax Credit. The Homestead Credit limits the increase in taxable assessments each year to a fixed percentage. Every county and municipality in Maryland is required to limit taxable assessment increases to 10% or less each year. Homeowners must submit a one-time application to establish eligibility for the credit. For more information visit: <http://dat.maryland.gov/realproperty/Pages/Maryland-Homestead-Tax-Credit.aspx>

HOUSING AND MORTGAGE ASSISTANCE

FORECLOSURE ASSISTANCE

If you are in need of help with paying your mortgage or you are facing a home foreclosure, be sure to first contact your lender and ask to speak with the loss mitigation or loan modification department. Try to work out a reasonable loan workout, repayment plan, loan modification or forbearance agreement. In many cases, it is best to get help from an experienced housing counselor who works with lenders and homeowners on a daily basis. There are many different types of foreclosure assistance programs, but their availability is dependent on many factors that include, but are not limited to: who your lender, investor or insurer is, your household income, credit rating, debts and expenses, and type of hardship.

At that time, the lender must send a "Request for Foreclosure Mediation" form. Homeowners will have 25 days to complete the form and file it with the circuit court. Homeowners must pay a non-refundable \$50 fee when they formally file this request for mediation.</i></p>

Department of Housing and Community Development (DHCD) Loans

Maryland Housing Rehabilitation Program (MHRP)- This program provides rehabilitation funds for housing or plumbing repairs for single family, owner-occupied properties and one to four unit rental properties. Loans may be used to correct exterior and interior deficiencies, make accessibility modification, correct health and safety violations, improve plumbing, wells and sewer, and for weatherization and energy conservation. You must be a Maryland resident who occupies the home as their principal residence, or rents to a family with a limited income at or below 80% of statewide median income.

Accessible Homes for Seniors (AHFS)- AHFS loans allow homeowners 55 plus to make needed accessibility improvements. Typical improvements include ramps, widening doorways, installing grab bars, adding a first floor laundry facility or bathrooms, and changing door and sink hardware to lever style handles. The program provides a zero percent interest, deferred loans for a term of 30 years to finance these accessibility improvements. For more information, contact AHFS at (310) 429-7821 or Toll Free 1-800-638-7781.

NEW!!! Telephone Bill Assistance

LIFELINE is a federal program, funded by all telephone customers, that helps to make telephone service more affordable. The program has provided eligible landline OR wireless customers with a discount on service or free minutes.

NEW FCC Rules, effective on or after December 1, 2016, will change the program in important ways, including automatic eligibility criteria, the inclusion of broadband (fixed and mobile) and the eventual phase-out of assistance for voice-only services. NOTE: The Start date may change depending on effective date of rules.

Eligibility Criteria: ≤ 135 percent of federal poverty level (as measured by IRS gross revenue) **OR: For New Subscribers who enroll after 12/1/2016 or for Current Lifeline subscribers who recertify on or after July 1, 2017:** SNAP (Food Supplement Program), Medicaid, SSI, Federal Housing Assistance, Veterans Pension and Survivors Benefits Programs and certain Tribal Program participation. **Excluded:** TDAP, LIHEAP, MEAP, EUSP, TANF, PAA, Section 8, and School Lunch participation.

New Lifeline telephone subscribers who enroll before 12/1/2016 can do so under the current eligibility programs: SNAP, Medicaid, SSI, PAA TANF, TDAP, LIHEAP, MEAP, EUSP, Section 8, and National School Lunch Programs participation.

Voice and Broadband Services: On or after 12/1/16, Lifeline customers will have the choice of applying their benefit to one of the following:

- Voice only (landline or wireless) – to be phased out by 2021
- Broadband only (fixed or mobile)
- Bundles: voice and broadband

Things to Know About Lifeline Program

- All telephone customers pay for the Program through a Universal Service Fund (USF) charge on the bill.
- There is a flat discount rate of \$9.25 applied to voice; after 12/1/16, broadband OR bundled services.
- Service discounts can be applied to any voice service plan. However, **data and optional calling services are much more expensive than voice services, and Lifeline customers must pay for these services**, even if they get free or discounted "voice" minutes or service.
- Current Lifeline customers who switch providers to enroll in new broadband services, even bundled ones, will be considered "new" customers under the new eligibility rules.
- Only **one** Lifeline service is allowed per household. This means only one landline or wireless phone, or additionally after 12/1/16, one broadband service, or one bundled voice and broadband service per household. A "**household**" is an economic unit of **all adult** individuals who contribute to and share income and expenses.
- A resident in a group home, nursing home, assisted living or similar facility can be certified as one household for purposes of Lifeline eligibility. A worksheet must be filled out to establish eligibility at <http://www.usac.org.li/>.
- There is an annual re-certification requirement for **all** Lifeline customers

Department of Social Services (DSS) emergency assistance programs may assist with private and public water company bills especially if a service termination is threatened or has occurred. Contact your local Department of Social Services for assistance (page 8).

There are small private water companies in some Maryland counties. These companies are fully regulated by the MD PSC. The company should be contacted about working out a payment plan if there is a past due bill or if the bill amount is disputed. If the customer cannot get a satisfactory result, the customer may file a complaint about a disputed bill, or seek mediation assistance, with the MD PSC.

There are NO Private water companies in the area.

Other Assistance Programs

Rental Allowance Program (RAP)

The Maryland Department of Housing and Community Development provides grants to local governments to provide flat rent subsidies to low-income families who either are homeless or have an emergency housing need. The RAP program provides a monthly rental allowance towards a person's rent for up to 12 months to help move families from homelessness, or temporary emergency housing, into more permanent housing and obtain self-sufficiency.

To apply for RAP contact:

Tenant-Based Rental Assistance Program (TBRA)

This program is made available through HUD's HOME program but administered through participating jurisdictions. TBRA is a rental subsidy that can help individual households afford housing costs such as rent, utility costs, security deposits, and/or utility deposits. The rental assistance portion may not exceed two years but may have an option to renew. Each participating jurisdiction is given some flexibility on how they use the funds and typically those that receive assistance have been referred from other community organizations.

Housing Opportunities for Persons with AIDS (HOPWA)

This program, created by HUD, is used to address housing needs for low-income persons who are living with HIV/AIDS. Funds are distributed to states and cities by formula allocations and made available as part of the area's Consolidated Plan. Grantees partner with nonprofit organizations and housing agencies to provide housing and support to beneficiaries. HOPWA funds may be used for a wide range of housing, social services, program planning, and development costs. These include, but are not limited to, the acquisition, rehabilitation, or new construction of housing units; costs for facility operations; rental assistance; and short-term payments to prevent homelessness. HOPWA funds also may be used for health care and mental health services, chemical dependency treatment, nutritional services, case management, assistance with daily living, and other supportive services.

Low Intensity Support Services (LISS)

This program is designed to enable a family to provide for the needs of a child or an adult with developmental disabilities. The program provides funding of up to \$3,000 per person per year and covers services including, but not limited to, family counseling, personal care, day care, health services, specialized equipment, transportation, and housing adaptations.
