USPP helps me prevent a shut-off as long as I continue to pay the minimum monthly payment as required by my utility supplier. All MEAP eligible customers may participate in USPP. Participation also requires 12 months of budget billing. Budget billing spreads your annual utility bills into even monthly payments. This grant is only available once every five years, though certain waivers to this rule may apply. Electric Arrearage grants are in addition to electric benefits applicants may receive each year through the EUSP program. I must receive EUSP, enroll in budget billing, and the electric bill must be in my name to qualify for an electric arrearage grant.

- I want to apply and be screened for an arrearage grant and understand that, if I receive this benefit, I may not be eligible for another Electric Arrearage grant for five years.

I am interested in having energy efficiency improvements made to my home. This may help me reduce my overall utility consumption and help to reduce my utility bills while creating a healthier home environment. Please refer me to the energy efficiency programs provided by the Maryland Department of Housing and Community Development (DHCD). The energy efficiency improvements such as, furnace clean and tune, added insulation, and energy efficient light bulbs are offered at no additional cost to income eligible Marylanders. Landlord approval will be required for renters participating in this program. I understand I do not need to participate in DHCD's energy efficiency programs to receive OHEP benefits.

I understand that my application information will be referred to DHCD AND I give my permission for DHCD to access my utility consumption data through my utility provider(s) in order to determine the energy efficiency improvements for which I may be eligible.
